

# May Business Luncheon

The Toronto Railway Club is pleased to welcome Martin Imbleau, President and CEO, VIA HFR – VIA TGF Inc. as our guest speaker.

Martin Imbleau brings in-depth experience in developing and implementing major infrastructure projects. Prior to joining VIA HFR – VIA TGF Inc., Martin was President and CEO of the Montreal Port Authority. Previously, he was vice-president of corporate strategies and business development at Hydro-Québec. Martin has also held senior vice-president positions at Énergir, where he was responsible for business development, renewable energy, community relations, corporate strategy and operations.

Martin will present “**On Track with Intercity Mobility**,” his vision for the new Quebec City – Toronto rail corridor, highlighting the need for a rapid train solution to meet the challenges of intercity transportation, housing, and regional economic growth.
